leadership and organisational structures which are not adjusted to the cultural background of the employees concerned are most likely to produce sub optimal results house 2004 therefore it is necessary to develop appropriate leadership and organisational structures in order to fully grasp the cultural environment to be encountered in the professional world this book presents a research project that was carried out to develop leadership and organisational structures in accordance with the requirements created by different professional backgrounds within the aviation industry the identification of the different professional cultures was undertaken using a standardised questionnaire the development of the questionnaire was carried out with the help of the globe study house et al 2004 one of the most extensive research efforts ever undertaken in the field of organisational and national cultures the main characteristic of the globe study is the development of nine dimensions which serve to identify and characterise any culture these dimensions are referred to as core cultural dimensions using this newly developed questionnaire it was not only possible to isolate 12 different professional cultures but also to identify their distinguishing traits which served as the base for the subsequent development of leadership and organisational structures the survey was complemented by open interviews served to broaden and

deepen the results gained with the standardised questionnaire the research outcomes open the door to a new and important element of cultural research complementary to those of organisational and national cultures although the study was carried out in the aviation industry the results gained also appear to be transferable to other industries due to the large variety of professions isolated within the course of the presented study and the specific nature of the aviation industry itself

becoming teachers of inner city students takes on the continuing challenges of white teachers in increasingly de facto re segregated schools of the present drawing on the author s eighteen years of experience as a classroom teacher and his research on white teachers of inner city students becoming teachers provides key discussions on professional identity for preservice teachers professional educators and researchers interested in diversity education or urban education driving at complex recognitions of race class culture language and gender as a basis for teaching and learning with diverse urban students the author s and other white teachers life and teaching stories move beyond prescriptive models of professional identity for preservice and professional teachers to follow instead life and teaching stories in becoming teachers demonstrate again and again that in teaching the personal is political professional knowledges are forged in practice and overall that becoming a professional teacher is a process that draws on one s experiences and inner most convictions becoming teachers updating vivian paley s white teacher and reworking christine sleeter s multicultural research on white teachers race evasive identities moves discussions on white teacher identity toward a second wave of race visible professional identity for white teachers in the present james jupp s book is an instruction on how to keep the democratic educational experiment on the workbench roger slee professor and director of the victoria institute for education diversity and life long learning at victoria university melbourne james jupp thoughtfully explicates the complexity of the social justice literature in education

related to race class culture language gender and other differences in classrooms jupp is one of the leading scholars in education who challenges static notions of difference and opens up new curriculum spaces for a second wave of critical race work challenging the field to consider more nuanced possibilities that will advance social justice in the present jupp provides generous readings for new intercultural alliances jupp s becoming teachers of inner city students offers a fresh understanding for those who are looking for new ways to understand teachers lives and professional identities patrick slattery professor of curriculum texas a m university jupp does the hard work here of understanding where we have been in conceptualizing the racial identities of white teachers and then he does something harder with abundant intelligence courage and generosity jupp opens up new pathways for our thinking and feeling and action read this book timothy lensmire associate professor of curriculum instruction university of minnesota
