at this critical point in the history of world missions it is imperative for us to take a step back from business as usual in our work around the globe and reevaluate the strategies and methods we are implementing what is working what isn't if we're honest there may be more not working than we would care to admit in this book written in the early 1900s roland allen invites us to look at the missionary work of the apostle paul with fresh eyes and an igniting perspective that is strikingly relevant to the greatest challenges we are facing today in modern missions he offers a well of insight from the methodology of paul that will focus and unite us as we draw nearer than ever before to our goal of fulfilling the great commission and reaching the world with the gospel of jesus christ

based on the revised standard version catholic edition this volume leads readers through a penetrating study of saint paul's letter to the romans using the biblical text itself and the church's own guidelines for understanding the bible ample notes accompany each page providing fresh insights and commentary by renowned bible teachers scott hahn and curtis mitch as well as time tested interpretations from the fathers of the church these helpful study notes make explicit what saint paul's letter to the romans often assumes they also provide rich historical cultural geographical and theological information pertinent to the letter the ignatius study bible also includes topical essays word studies and charts each page includes an easy to use cross reference section study questions are provided for each chapter of the letter to the romans that can deepen your personal study of god's holy word there is also an introductory essay covering questions of authorship date destination structure and themes an

outline of the letter and several maps are also included book jacket

this volume examines one of rome s most influential churches the principal basilica dedicated to st paul nicola camerlenghi traces nearly two thousand years of physical transformations to the church from before its construction in the fourth century to its reconstruction following a fire in 1823 by recounting this long history he restores the building to its rightful place as a central active participant in epochal political and religious shifts in rome and across christendom as well as a protagonist in western art and architectural history camerlenghi also examines how buildings in general trigger memories and anchor meaning and how and why buildings endure evolve and remain relevant in cultural contexts far removed from the moment of their inception at its core saint paul s exemplifies the concept of building as a process not a product a process deeply interlinked with religion institutions history cultural memory and the arts this study also includes state of the art digital reconstructions synthesizing a wealth of historical evidence to visualize and analyze the earlier now lost stages of the building s history offering glimpses into heretofore unexamined parts of its long rich life
